Not pleased Westland garbage hauler hired former DPS employee

Westland's garbage hauler, Painter and Ruthenberg, hired Bob Tolliver when he retired from Westland's department of public works.

Anybody else besides me suspicious that chummy relationships like this might have influenced the city not to rebid the city's garbage hauling contract?

I hope that you investigate whether there are any revolving door relationships between the city and some of its contractors.

Please find out if Painter and Ruthenberg have hired any more city officials or their relatives.

Councilman calls for bats to suck up Westland's mosquitoes

[Councilman David] James suggested promoting bats in Westland to eat mosquitos.

I don't know anything about promoting bats, but since Mr. James joined the Westland City Council, he has promoted a lot of batty ideas.

Nice for candidates to debate issues instead of slinging mud

Congratulations to Commissioner Kay Beard and Mayor Robert Thomas for their classy campaigns in the Democratic county commissioner primary.

If they can govern together as elected officials as well as they competed for Westland's voters, then Westland will win.

It was nice to have an issues-oriented campaign designed to debate future progress instead of mudslinging

Smoky blaze hits transport firm

60 trailers destroyed

Massive and long-lasting black smoke told most of Wayne County that a huge transport fire was occurring in Romulus on Sunday. The smoke could be seen even outside the county -- and investigators were still probing the fire at Central Transport International on Ecorse Road in Romulus on Tuesday. MCN Photo by Rita Bedell.

Update session

Metro Airport noise, foul smells issues raised

By AL POST
MCN Staff Writer

Romulus residents raised concerns over noise mitigation efforts and foul smells emanating from Detroit Metro Airport at a special update session on the airport conducted last Thursday night in the Romulus City Council chambers.

The meeting hosted by Wayne County Commissioner John Sullivan (D- Wayne) was partially political upmanship and partially an update on airport growth.

Michael Conway -- airport spokesman -- stood in for new airport director Lester Robinson, who reportedly missed the meeting because of a family matter, according to Conway.

Three City Councilmen Don Morris, William Crova and Michael Prybyla as well as former City Councilwoman Mary

“

When I see unused vehicles and auto parts lying in a particular area, I call that a junkyard!

- Michael Prybyla

Collins attended the forum.

Mayor William Oakley was reported out of town that night.

Morris complained about the lateness of airport attention to Romulus homeowners noise problems several years ago, stating that Huron Township residents apparently were helped first at that time.

Morris was told that homeowners in both municipalities

are being helped on an equal basis right now.

Prybyla informed the airport representatives that a “junk yard” style site has been allowed to continue on Goddard Road.

When pressed on his terminology, Prybyla said “when I see unused vehicles and auto parts lying in a particular area, I call that a junk yard!”

Crova questioned Conway about the future of parts of Eureka Road close to the airport.

Conway said widening of Eureka Road was on the county's plan for 2002, but may be done even earlier.

Private citizens complained about smells rising from retention ponds at the airport, unfinished home soundproofing efforts and roaring planes passing over homes at 3 o'clock some mornings.

Conway said “the aroma problems are being eradicated

as the airport has begun a major recycling of de-icing fluids in the past year.”

Those de-icing fluids were collected in the ponds in the past, he said, and while they do disappear in time, they did cause aroma problems for a time.

Sullivan urged residents “call me directly (313-224-0944) if these smells reappear.”

Former Department of Public Works deputy director Melvin Zilka complained also that the soundproofing effort on his home started three years ago is still not completed.

Airport officials said one soundproofing contractor was dismissed several years ago by airport authorities and efforts are being made to correct any faulty efforts done by that company.

They promised to research the cause of the delay.

Conway and airport external relations coordinator Brian Lassaling also provided “power points” on recently airport expansion efforts -- including the pending \$1.2 billion midfield terminal that is expected to open late next year.

Collins expressed hopes that Romulus could collect 25 cents from each passenger using the airport. But Conway said the FAA demands that money gathered by the airport remain there.

But he said “maybe something else could be worked out.”

Sullivan said he was pressing county and airport officials on the impact any future airport hotel would have on Romulus hotels.”

It is expected that Robinson may respond to Oakley's request soon to appear before the Romulus City Council.

Skies over Romulus were blackened late Sunday morning and traffic on Ecorse Road was stalled for about eight hours as a three-alarm fire destroyed 60 trailers and a key building site at Central Transport International.

Nearby Ecorse Road businesses reportedly suffered financial slowdowns and sales losses, due to the blocked traffic on Sunday.

Federal fire investigators and arson probers reportedly have put a lid on information for the press for the time being, city officials said Monday.

The actual cause of the fire and the amount of damage -- expected to be in the multi-million dollar range were not revealed.

One high police official reported that some motorists ignored traffic police Sunday, who were trying to divert them to other roadways, but luckily no one was reported injured.

The first fire alarms were sounded shortly after 10 a.m. Sunday, police said, and the local police's afternoon squad was called in early to help with the travel diversion crisis within the city.

Romulus Fire Department officials received help from both the Taylor and Detroit Metro Airport fire departments.

ments.

According to Jim Rafferty, vice president of CTI sales, swift teamwork at the site has kept shipping delays to an extreme minimum.

He added “shippers with freight involved in the CTI fire area have been contacted and procedures have been established to address their needs.”

Rafferty said “an emergency team was assembled at the fire scene Sunday as news of the fire was reported. We were able to be proactive and institute an alternative method of moving the freight for all of our customers.”

He added “a loss of any magnitude is a hardship for any company. We are fortunate to have an excellent crew of dedicated people and state of the art communications that allowed us to be ahead of any potential problems.

At noon Monday despite the heavy damage, Rafferty said, “it was back to business as usual” at the Ecorse Road site.

Rafferty said CTI's workers were able to transfer operations to adjoining docks that were not affected by the fire recovery efforts.

There were reports that the McDonald's Restaurant on Wayne Road responded quickly to requests for food and cold drinks for firefighters during the long emergency hour cycle.

Festival starts Friday

The 50th annual St. Aloysius Church festival will kick off at 6 p.m. Friday with musical entertainment, amusement rides, tasty dinners and numerous rides being featured for young and old alike.

The annual festival was held for years over the Labor Day weekend, but was switched to a week early last week because of changing lifestyles locally.

A massive fish fry will be on the menu Friday followed by spaghetti dinners on Saturday and chicken dinners on Sun-

day.

Counter Clockwise will perform from 7 to 11 p.m. Friday. On Saturday the musical groups will be the Romulus High Jazz Band from 1 to 3 p.m. and Channel 6 from 7 to 11 p.m.

On Sunday the Big Daddy unit will offer music from 11 a.m. to 3 p.m. and the Moose and Da Shark will perform from 4 to 8 p.m.

A Polka Mass will be celebrated at 11 a.m. on Sunday at the church located on Neville road in Romulus.

Are Princeton Street fumes deadly?

By TOM MOORADIAN
MCN Staff Writer

Residents believe so, ask for investigation

Are fumes and odors allegedly being emitted from a oil recovery plant in the southeast section of the city of Inkster deadly?

Some residents on Princeton Street and the adjacent area believe so, and they urged Inkster Mayor Hilliard L. Hampton, Jr. and council members to conduct an investigation.

Residents on Princeton, residing across from the Advanced Resource facility, told council that odors apparently

being released from the operation of the plant causes them nausea, to vomit and some went as far as to say is the source of the high rate of cancer deaths on the street and in the area.

John French, a longtime resident, told council that the refinery has been the source of foul odors for months and forces residents indoors, and that the city refuses to deal with the issue.

"Many on the street have died of cancer," French said,

offering names of residents who recently died.

Rose Hargrove, another longtime resident of the area, said that "the odor is so foul at times - it's like gas - we can hardly breathe. We can't sleep and we can't sit out-of-doors, what are we to do? Do something."

Richard Porter informed council that a report from the state of Michigan has raised the question of the number of deaths caused by cancer in the city of Inkster.

"The report," according to Porter, "states that we (Inkster) are among the top five cities when it comes to cancer deaths."

Hampton told the audience that he can identify with their concerns and that the city would take the necessary steps to find the source of the odor and correct the situation.

"My mother still lives in the area," the mayor continued. "We will correct the odor problem. I can see the level of concern here."

Hampton went on to say that he and council welcomes business to the city and, "we will work in partnership with them. But, in the same vein, we expect our businesses to work with us."

Pete Uhse, representing the facility, informed council and the audience, the facility was not processing hazardous waste and that the plant separated oils from water that is later resold.

"We have been there for two years now and we have been

working with the city to correct any problem."

Hampton asked the administration to contact the state agencies to see if they can come up with the source of the odor problem. He informed the residents that any information that the city obtained would be made available to them.

"We eventually will find out what is going on over there," said Hampton. "Yes, we need to co-exist with our businesses, but we don't need businesses that will drive away our good residents."

Need a home?

Inkster agency to host seminar

If you're in the need of a home and don't know the particulars of how to go about to buy one, you may want to attend a seminar entitled, "Home Buying Seminar", offered and hosted by officials at Inkster Human Development, Inc.

The seminar will be conducted from 10 a.m. until noon at the Floyd B. Simmons Multi-

purpose Center, 29150 Carlisle Avenue.

Seminar officials say that there is no cost associated with attending the seminar and the program will offer persons interested in purchasing homes an opportunity to ask questions and obtain the necessary answers.

Officials say that among topics on the agenda include FHA (Federal Housing Au-

thority), VA (Veterans' Administration) and conventional lending loads.

Also, tips on home inspections and how to select a realtor who will work with and for you will be discussed.

Those who need more information about the seminar should contact the Inkster Human Development offices by dialing 734-641-6930.

Inkster seeks state grant for local park improvements

Inkster City Council Monday night approved a request from the parks and recreation department to apply for a state grant that would, if approved, improve the local parks.

With councilwomen Janet Bostedor and Wanda Foster-Harris absent from the proceedings, council voted 5-0 to

apply for the matching grant offered to municipalities and townships through the Department of Natural Resources "Clean Michigan Initiative Recreation Bond."

The city's application requests a total amount of \$545,480. If approved, the city would also have to provide an additional matching grant of

\$136,370 which, city officials stressed, would go for new playground equipment and safety surfacing at the local parks.

This is the fourth and final round of the grants, and the city has been actively pursuing grant funds for various projects throughout the city.

'Welcome home'

Inkster resident and apparently future diplomat Courtney Robinson is greeted by his grandmother Lovell West, of Westland (above, at left) and mother, Laverne West, of Farmington Hills upon arrival at Detroit Metropolitan Michael A. Berry International Airport after a trip that took the Wayne Memorial grad to Amman, capital of Jordan, in the Middle East. Robinson was employed at the American consulate in the Arabic-speaking nation and is perusing a business and diplomatic career. During his trip to the Middle East, Robinson also had an opportunity to visit such countries as Syria, Greece, the Netherlands and Belgium.

Womack to hold bazaar

Members of the Womack Temple C.M.E. Church will hold their annual church bazaar on Sept. 16, beginning at 9 a.m. until 6 p.m.

It's never too early to browse around looking for Christmas gifts.

There will be a wide variety of items for sale, and it's never too early to browse around looking for Christmas gifts. The bazaar will offer you that opportunity.

Tables also may be rented for the convenience of persons wishing to sell items.

In addition, delicious B.B.Q. and chicken dinners will be available.

The Rev. Terrell C. Jackson, pastor of the church, and church members extend to the community and friends an invitation to join them on Sept. 16. The church is located at 28445 Cherry Street.

Would-be robber, habitual offender arraigned in Wayne

By TOM MOORADIAN
MCN Staff Writer

A three-time loser who allegedly hid in the back seat of a vehicle in an attempt to rob the car owner is behind bars today awaiting a preliminary examination in the 29th District Court in the city of Wayne.

The defendant, William Carlisle, was arrested when he walked into the 8th precinct in Detroit to file a police report. However, when officers at the desk checked, they discovered that there was an outstanding warrant for the Detroit man.

Carlisle was arrested and handed over to the Wayne Police Department to answer to four felony counts: assault with the intent to rob while armed; assault with a dan-

gerous weapon; felony firearm; and habitual offender.

Carlisle was arraigned before Judge Carolyn A. Archbold on Tuesday and stood mute when the court read the charges against him. Judge Archbold scheduled a 9 a.m. Wednesday, Aug. 31 preliminary hearing, and ordered the defendant held in lieu of a \$100,000 cash bond.

Carlisle was transported to the Wayne County Jail to await his court appearance.

The charges against Carlisle stem from an incident that occurred at approximately 8 a.m. on Aug. 16 in the 38000 block of Crescent Court.

Wayne police said that an employee at a group home on Crescent Court left work and entered her car. As she glanced into the mirror, the woman saw a man attempting to hide in the rear seat. She screamed, jumped out of the vehicle and rushed back to her work site.

Witnesses hearing the wo-

man's screams called police.

The woman, a 28-year-old Inkster resident, ran back to the group home with the man in pursuit, gun in hand. When the man reached the woman, he stood two-feet away and pointed the weapon at her. She grabbed the gun and attempted to wrestle it away, and severely cut her finger.

The suspect then turned and ran from the scene and tossed the weapon on a lawn on Covington Street, which was later retrieved by the homeowner and given to the police officers.

The woman apparently recognized her alleged assailant.

"We obtained a warrant, and went looking for him," said Lt. Keith Thomas, of the Wayne Police Department. "We staked out places where he usually hangs out. But didn't locate him."

"Then, the suspect walked into the 8th precinct in Detroit and they arrested him."

School buses are ready to roll

Stressing that safety of the children comes first all the time, and especially when drivers are behind the wheels of a vehicle transporting children to school, school officials announced this week that the Wayne-Westland buses and drivers are ready for the upcoming school year.

"You can never emphasize safety too much," said Gary Davis, W-W transportation director. "It is too important a factor. Drivers and parents must work together to get that

message across - under any and all conditions the safety of the children must come first."

The Wayne-Westland School District's Transportation Department last Saturday staged an informational meeting in the parking lot at the Westland Mall.

Employees handed out information that reminded parents and others how to stay safe around school buses. They also passed out informative literature for parents and coloring books for children.

"This was to make people aware that school is coming and make people more careful when a school bus is loading or dropping off children," Davis said.

The informational packet pointed out that there are eight school bus-related deaths in the United States every year. In the state of Michigan, there is an average of about three.

Bus drivers and mechanics also offered children balloons and answered questions during a four-hour period at the mall.

For more information about the Wayne-Westland school busing program, residents may contact Davis at 734-595-2153.

Junior Miss seeks past participants

Officials of the popular Wayne-Westland Junior Miss program are looking for past participants of the Junior Miss Program.

"This group is known as the 'Forever's' group," said Pat Hermatz, president and co-chairperson of the annual pageant.

Hermatz noted that the 'Forever's' usually participate in a group routine during the Wayne-Westland Junior Miss Program, and this year's program will be staged Nov. 18 at Adams Middle School.

There will also be a rehearsal at 6 p.m. Nov. 5 at the Timothy Dyer Center on Marquette.

For those interested, Hermatz may be reached at 734-721-5220.

Westland soldier in key evacuation training effort

By AL POST
MCN Staff Writer

It may not be a *Mission Impossible* scenario, but U.S. Army Pfc. Randy L. Glenn is now involved in a multinational training exercise that includes all the intrigue that the old TV series offered viewers each week for years.

Glenn, son of Rick and Lynn Glenn of Westland, was training in June as if he would be involved in a foreign tug-of-war between rival ethnic groups in Italy.

The exercise known as *Veneto Rescue* is being conducted by members of the Southern European Task Force (SETAF) — a military unit created back in the 1950's.

Glenn's role was to help evacuate U.S. citizens from a hostile situation, while acting as a part of his unit — the 1st Battalion, 508th Airborne Combat Team.

Acting as a veteran airborne infantryman, Glenn was called to "jump out of an aircraft while manning an M-240 machine gun."

Glenn and his team were to parachute into and seize an airfield, travel via a helicopter into three different hostile areas to rescue civilians caught in the cross fire and then transport the civilians back to safety as quickly as possible.

The scenario was made even tougher by adding violent protesters, terrorist threats and a very real rainstorm.

Letters From Our Readers

MICHIGAN COMMUNITY NEWSPAPERS

Councilwoman's Letter of Resignation

To Mr. Charles "Trav" Griffin, council president
Westland City
Council members
Mayor Robert Thomas
Mrs. Joann Seaberg, City Clerk

After having proudly served my community for nearly two decades as a member of the Wayne-Westland Community School District and as member of the Westland City Council, the time has come for me to say goodbye. I am resigning from the Westland City Council effective Friday, August 18, 2000 at 5:00 p.m.

I was born and raised in the Wayne-Westland area where I have lived for the past sixty years. During that time, I got married and with the love and support of my husband Ted, we raised three wonderful children.

As it turned out, Westland was a great place to raise our family because the community was anchored to traditional family values. City services were the best and our schools provided sound choices and educational opportunities.

Westland was indeed "The place to be." As the years went by, my love for Westland grew even stronger and Ted and I developed many friendships and made many acquaintances in the community.

As young children, Ted and I were taught to do what was right, to be positive, to build, to strive to improve things, to contribute and to always give back. Public service became a way of life for both of us.

My husband joined the fire service, eventually he went on to become chief of the fire depart-

ment, and later served as a member of the Wayne County Community College Board of Trustees.

I became increasingly involved in our community by volunteering for many activities, in an effort to give back to my community, to be positive, to build, to improve things, to contribute. I eventually ran for public office and was successfully elected to the school board and to the city council.

Although my journey into public service has been time consuming, taken precious time from my family and although sometimes difficult, I would not change anything. Public service has been extremely satisfying. It has allowed me to live and put into practice the lessons Ted and I learned as children.

Over the many years of holding elective office, I voted countless times on many items, some routine, some not, some controversial and some not. However, no matter what issues I voted on, I always voted my conscience based on what I thought was best for the entire community.

I was elected to represent the citizens and vote on issues using my best judgment based on all the facts known to me at the time. Voting for what is popular is easy, but voting one's conscience is easier no matter the personal consequences. I leave with a clear conscience knowing that each time of the many times I voted over the years, I did not waiver from lessons learned as a young child.

After nearly two decades of public service, I have decided it is time for me to step down and en-

joy the golden years with Ted, our children and our grandchildren. At the same time, I hope my decision will accomplish to assist the City in moving forward to resolve important issues that define the quality of life for our citizens in the future.

I leave with a heavy heart for those that supported me over the years may feel they lost their voice. Also, because I will no longer be in a position that provided me a hands-on opportunity to move our City on a positive course of continued improvement. Citizens should not make the mistake of ignoring the need to have enlightened and progressive leadership guiding Westland's course into the 21st century. However, if the unrelenting and sometimes scandalous attacks focused on personalities continue as they have for the past seven months, the future of the City will be at risk.

I want to thank the Mayor and his administrative staff for all of the cooperation they extended to me over the years. To my fellow Council members, I thank you for your willingness to serve our community. To all of the people of Westland, I thank you for the trust and confidence you placed in me over the years. The friendships made will be everlasting. To the City I love so dearly, may those that guide you in the future have the conviction, sincerity, strength and wisdom to make Westland the only place to be.

Godspeed and best wishes to all.

Sincerely,
Sharon P. Scott

Anderson thanks supporters

I wish to thank all those who voted in the August 8th Primary Election and especially those who supported my candidacy for 18th District State Representative.

My family and I were thrilled with the tremendous victory and solid support I received across the district.

It is an honor for me to have the opportunity to serve my community and I am humbled by your expression of confidence in me.

Those who voted proved, beyond a doubt, that it's a candidate's record and issues that are important.

I will continue to do my absolute best in my service to our community and I ask for your continued support in the November 7th General Election.

With Deep Appreciation,
Glenn S. Anderson
18th District State Representative
Democratic Candidate

'Twas lucky day

To the editor:

I was a recent winner in your gas cash drawing. Thank you very much.

I think I'll take the opportunity to treat my family to pizza.

My entry was submitted at the local IGA grocery store. It was my lucky day!

Filling in the Spaces

Question: Why do the cost of dentures differ from office to office?

Answer: That is a good question. The best way I can answer that is to explain that the care and quality with which dentures are made varies from office to office.

The tried and true method for making a quality set of dentures involves several steps: You first begin with a complete and thorough examination. The dentist then takes a preliminary impression, followed by a final, more accurate impression. The proper jaw relationship is determined, followed by a try-in of a waxed set of dentures. Finally, the completed dentures are delivered.

The dentist then follows up with after care appointments.

Now, some dentists may skip one or more of those steps in an attempt to cut time and cost. For example, some dentists use the preliminary impression as a final impression. Others may use lower quality materials. While this may save money and time, the fit of the final dentures may not be as good.

And as anyone who has had a less than good set of dentures knows, they can be a real nuisance. Poor fitting dentures may be loose in the mouth, causing bone and gum tissue damage and can prevent proper chewing and talking. As the old saying goes: You get what you pay for.

Call Newburgh Heights Dental Group and take that step to the quality you deserve.

Don't blame Thomas for council

To all Westland citizens:

LISTEN UP!

I have lived in Westland all my life and I am appalled by what is going on with the recall and the accusations of some of the citizens of this great city.

If everyone would understand that the mayor of our city cannot even go to the bathroom without the council knowing, they would understand that the council has every thing to do with the city and not the mayor.

I am tired of hearing how the mayor did this and the mayor did that. The council is the one you should be after not him. Our city has seen a great deal of changes since Mayor Thomas has been in office.

This thing with Patricia Gibbons is getting old. If it was I or someone else that had gotten fired by a boss or a majority of bosses this kind of thing would not be going on. It was also known that there was no wrong doing on the council's part for the firing. SO WHAT IS THE BIG DEAL HERE?

Our Mayor and Council have

done a lot for this city. The new library, snow plowing the city streets, all police fire stations are open. And a lot more that I can tell you about. If all the citizens of Westland would think back to all the other mayors that we have had and all the services we DIDN'T have back then you would see that the mayor is for the people and not himself. I can tell you that two of the council people do not look out for the citizens but for themselves.

Also one big complaint I have is that when I watch the council meetings I always hear, "I speak for all citizens of Westland." Well by God, you DO NOT speak for me or anyone in my family. Who do you people think you are saying that?

Get you facts straight on all the issues before going before the council. The council has all the right to limit the time you are at the podium because of all the citizens that would like to talk. And when the same old people get up there and talk it is the same old thing. I for one am really tired of hearing all this. Let other people

talk for a change that have real issues to discuss with the council. And limit time for everyone to speak.

If you watch council meeting when Mr. Griffin was not the president you would see that there was a time limit on the citizens comments. Mrs. Cicirelli did it when she was president and so did many others. It was limited to three minutes per person. So what is the gripe people?

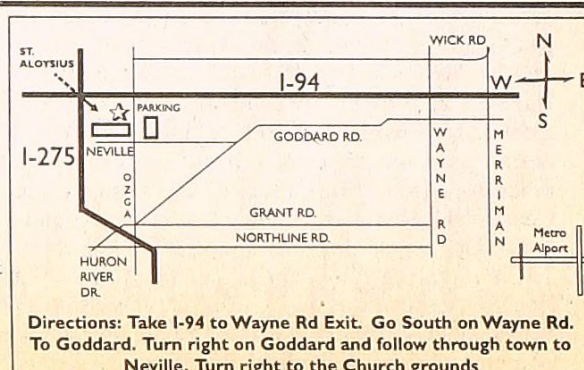

As far as the comment I read about the old cronies being on the council. The citizens are the ones that voted them in, and the mayor has to get along with them. It is the citizens that voted them in not the mayor. And as for the mayor's wife, she has all the right to be working for the city. She was a city employee first and not his wife.

I have talked to a lot of people over the years and they all say that the mayor and council are doing a great job for this city.

Sincerely,
Ann Thomas

Helmet violation alerted police to stolen motorcycle

By IVAN HELFMAN
MCN Staff Writer

A 20-year-old Garden City man ran afoul of the state's motorcycle helmet law, which Westland police began to enforce this month.

Under the law, bikers must wear a US Department of Transportation (US DOT)-approved motorcycle helmet.

Friday two patrolmen noticed that the Garden City man riding a red- and-white 1984 Yamaha dirt bike west on Avondale, near Schuman, without a helmet.

One of the patrolmen remembered that a motorcycle had been reported stolen earlier that day.

So the officers followed the motorcycle, meanwhile contacting the department's dispatcher.

The dispatcher confirmed that the Yamaha was reported stolen in "mint condition" from the Electric Stick pool hall, bar and restaurant earlier.

Once the biker saw the officers on his tail, he pulled over to make room for them to pass. Instead of passing, the officers pulled along side the Yamaha, got out of the patrol car, and grabbed the biker.

One officer told the biker to

lay the bike down and to drop to the ground. The biker lowered himself to the pavement, where the patrolmen arrested him without incident.

When questioned, the biker claimed that he had borrowed the Yamaha from a sketchily-described friend after returning to his friend's house from the Electric Stick, where, he claimed, both had been throwing darts around midnight. (The bike had been reported stolen from the Electric Stick between 12:45 p.m. and closing time.)

The patrolman arrested the

biker, jailing him pending an interview with a Westland detective.

Police impounded the bike, whose ignition and taillights were broken, and contacted the owner. The owner said that the neither the ignition nor taillights had been damaged.

Police plan to return the bike to the owner after completing the necessary paperwork.

Detectives had not sought charges against the biker when we went to press.

Community pays tribute to loyal, longtime educator

By MAUDE REID
MCN Special Writer

A retirement celebration honoring Selenia Robinson of Inkster was given last month at the Hawthorne Valley Country Club.

They came from far and near to pay tribute to an educator who devoted most of her life to teaching youngsters.

Many relatives and friends, co-workers were there to share in her life and achievements and wish her well in her retirement.

In the room were pictures, class projects, Zeta Phi Beta Sorority projects and many community accomplishments.

The Master of Ceremonies was talented musician Lewis Gregory who also led the praise. There were congratulatory messages expressed by many including

Areatha Glenn, State Rep. Tom Kelly and others.

Kelly presented Robinson with a state House proclamation. Other tributes followed from Cathedral of Faith Church, Inkster Public Schools, Literary Council, Zeta Phi Beta Sorority, Zeta Nu Zeta Chapter in Inkster, Wayne Reading Council, and the American Business Women's Association.

Others who presented tributes included the Spirit of Detroit Chapter, NAACP of Western Wayne County, friends and family members.

Following lunch, Gladys Hinkle offered some insights on the retiree's life and Ollie Johnson sang a solo.

Present from Clinton, North Carolina were Selenia's daughter-in-law, Hue

Selenia Robinson

Robinson, Tai Leigh Robinson, granddaughter from Clinton, N. C. Also present were Alice Haygood, sister, from Augusta, Georgia; Erica Goldston and Hue Robinson were in charge of the gift table.

Selenia plans to retire in North Carolina.

Springhill Missionary celebrates special year

By MAUDE REID
MCN Special Writer

Inkster Springhill Missionary Baptist Church's congregation and friends celebrated the church's 14th anniversary under the leadership of Dr. Oscar R. Carter, pastor, and his lovely wife, Bessie Carter, who serves as music director at the church.

The theme for the special program was "A Shepherd Under Sovereign Revelation", Revelation 3:7.

Rev. Wendell Harris of Greater Olivet Baptist Church delivered the morning sermon. The afternoon program was

conducted by the Rev. Michelle Leaphart and music was by the Springhill and Tabernacle Baptist Church Choirs. Rev. Frederick Sampson also offered a sermon.

Others who participated in this landmark occasion included the Inkster Choraliers, Christine Foley, Inez Jones and Eldon Leaphart.

During the 14 years, some of the church programs carried out by Dr. Carter included inviting college choirs from across the country to perform at the church, Thanksgiving Day dinners for the public and community, Men's Emphasis Week, Master Life Disciple

ship Class, Gethsemane Hour of Prayer.

The church also managed to purchase a van, acquire choir robes and establish a Men's Ministry and other worthy projects.

Rev. Carter has received a number of accolades over the years. His most recent was being named the Moderator of the Metropolitan Missionary Baptist District Association. Also, Lady Bessie Carter is a prominent music coordinator and president of the Women's Association.

The program chairperson was Elijah Jones, Deacon.

Hendrix earns a promotion

By MAUDE REID

Questions abound as countdown begins

By TOM MOORADIAN
MCN Staff Writer

For openers, Romulus visits Wayne Memorial

Can first-year head coach Wade Cook, the heir-apparent to the Romulus coaching domain left vacant by the departure of Mark Woodson to Eastern Michigan University, carry on the school's winning tradition?

Will Wayne Memorial, under the tutelage of veteran coach Floyd Carter, bounce back from an injury-plagued 1999 season?

Can Inkster, blessed with

nearly the same lineup that a year ago carried it to the playoffs for the first time in the school's history, build on its success?

Can Belleville, always with plenty of beef, be the top dog in the always tough Mega Conference, Red Division?

These are but a few questions coaches and fans are asking as the countdown to the

first high school football season of the 21st century begins.

The answers to these questions - and others - on the minds of those who have high expectations today will come to light in the following days and months of the campaign.

There will be more than talk and speculation on Friday when teams, coaches and born again high school fans meet in

the stadiums and on the field of battle.

For some coaches, survival will be the name of the game; for others, redemption will be on their minds; and for the elite few, perfection will be their goal.

All covet that elusive undefeated season, but rarely do they obtain it.

And, for Carter and the Ze-

bras, Friday night the opener against visiting Romulus may tell him and his staff a lot about the season. Romulus, as displayed in their pre-season scrimmages, has unveiled awesome striking power.

"They (Romulus) are an excellent team," said Carter, as he prepares to launch his 34th overall season as coach. "I know that some of those kids

are being scouted by Big 10 coaches. This opener is not going to be an easy one for us."

Carter said he is very impressed by Romulus quarterback David Moomaw, who has the ability to strike from anywhere, and also by Chris Talley and Charles Searcy, both of whom are exceptional athletes.

Twisters shut out Steelmen for No. 5

Make that five straight for the Twisters.

With the defense posting a shutout, coach Jason Hagelthorn's club turned back Lorain County, Ohio's Steelmen 12-0 to remain undefeated in the Lake Shore Semi-Pro Football Conference.

"The defense really stood out in this one, and I can't say enough for every member of the unit," stressed Glenn Brothers, the Twisters' CEO. "Now that we're on top of the standings, everyone is gunning for us, but we have responded to the challenge."

Brothers pointed out the Steelmen executed 59 plays on offense but managed to pick up a total of 74 yards, "thanks to a superb overall performance by our team."

Lorain hit on 14 of 30 passes for an additional 74 yards, but the Twisters' defense, led by Westland's River Pollington, and Can-

Twisters' running back Reggie Brandon (2) is on his way to his first of two touchdowns against the Lorain, Ohio Steelmen. Brandon scored both TDs in a 12-0 victory that stretched the Twisters' win streak to five games. For No. 6, the Lake Shore Conference leader will face Lima on Saturday in Ohio. Photo by Carl Brown

ton's James Chapman, sacked explosive Lorain QB, Kareem Hunt, a total of four times for 60 yards in losses. Hunt also was penalized an additional 26 yards for grounding the ball.

"The four sacks, along with the intentional grounding penalties, completely wiped out their positive rushing yardage," Brothers noted.

Oh, how they hurt

Injuries key to Wayne grid season

By TOM MOORADIAN
MCN Staff Writer

Although the team lacks experience up and down the depth chart, Wayne coach Floyd Carter isn't concerned at the obvious problem.

The veteran football coach, however, is concerned about injuries, which destroyed the Zebras' dreams of a winning season a year ago and have already taken its toll on this year's squad.

Sidelined with a concussion is starter Brad Sedik, a 5-11, 250-pound premier all-around athlete, and also nursing a serious injury is 6-2, 230-pound John McFalls, a defensive end who definitely will be out of the lineup for Wayne's first two games.

With those two rebuilding blocks on hold, Carter and

staff aren't talking about championships these days, but rather about "survival" in the Mega Conference, Red Division, a division noted for its exceptional football talent.

"We have a lot of work ahead of us because we're so young," said Carter, who begins his second consecutive year as Wayne's head football coach, but his 34th overall year in coaching.

The Zebras will be hard-pressed to finish over the .500 mark because of the conference. Conference champ, Monroe, is favored to repeat, while Belleville, a 6-3 squad a year ago, will be tough. Then there are Fordson, Lincoln Park and Dearborn, and toss in Wyandotte for a Mega crossover game.

Wayne finishes the season with traditional opponent,

Westland John Glenn.

Because of the new playoff format, if Wayne can win six of its nine games, the Zebras will qualify for the post-season playoffs.

"We have the numbers this year, something we haven't had in recent years," Carter said. "But it's going to take time for the kids to mature."

About 50 players, one of the largest groups in recent years, turned out for practice and from those numbers Carter and staff hope to hone skills that will make the Zebras winners.

There is some experience in the trenches. Chris Cox, a junior, who stands 5-11 and is 195, is back on the offensive line, while senior Jason Harden, a 6-2, 230-pounder, is

Inkster's best grid team seeks to be even better

By TOM MOORADIAN
MCN Staff Writer

In 1999, Inkster, under the guidance of coach Mark Townsend, made it to the post-season football playoffs, a first for the Vikings.

With most of the players returning to Townsend's lineup, Inkster's goal this season is to reach the playoffs and go beyond.

How far beyond, however, is pure speculation.

"These kids have played together as freshmen and now they are seniors," stressed Townsend, who will begin his third year as head coach Friday afternoon when Detroit Crockett pays the Vikings a 3:30 p.m. visit. "The staff and I have a lot of confidence in these kids, but they still have

Mark Townsend

to go out there and prove themselves.

"Words don't mean anything unless you can turn them into action, and that's what we're trying to do."

Townsend noted that, although he and staff do not have much information about

Crockett, "we know it is going to be a physical and hard-hitting game. We will be ready."

Inkster finished with a 7-3 overall record a year ago. It was their first winning season in over a decade, and their first playoff appearance since the Michigan High School Athletic Association adopted the playoff system to determine state championships back in the early 1970's.

The Vikings will also be making their first appearance under the guise of a charter school. Earlier this year the Inkster School Board voted 6-1 to sign an agreement with New York-based Edison to manage the school district. Inkster has become the first school district

Loss of senior QB has Robichaud scrambling

By TOM MOORADIAN
MCN Staff Writer

The loss of senior quarterback Dave Jarrett has left a wide gap in Robichaud High's backfield that sophomore coach Mark Medlock is looking desperately to fill.

Jarrett, who started in all nine games for Robichaud a year ago, decided to leave the Westwood School District for neighboring Romulus for his senior year.

"We have two possible candidates for the QB's job," said Medlock, whose Bulldogs will host Grosse Ile at 3:30 p.m. Fri-

day for their season opener. "Right now, it's a toss up who will start."

Gary Morris, a 5-10, 170-pound senior, has an edge and is slated to start against the Islanders.

The back-up signal-caller is 6-3, 190-pound Andre Harris, who definitely will see action, says Medlock.

The second-year varsity coach is faced with rebuilding a team that has been known in the past as a football factory which produces outstanding talent.

"We only have five or six starters back from last year," said Medlock, "but we do have

29 players out for varsity. And, because we start classes later than others, we believe that we'll pick up another possible 15 players after Labor Day."

Unlike most schools which will begin classes next week, Westwood school officials have opted to stay with the traditional after Labor Day school opening.

In the small cadre of returnees, the Bulldogs have one of the better collegiate prospects in middle linebacker-tight end Marcus Johnson, a 6-5, 210-pound junior who set a school record of 20 tackles in

Things never change, Glenn will again be fun to watch

By TOM MOORADIAN
MCN Staff Writer

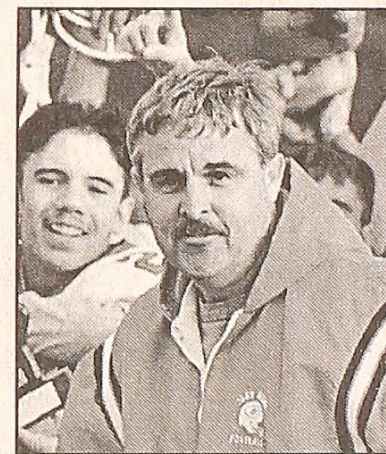

The adage about the more things change, the more they appear to be the same holds true if football fans apply the saying to the Western Lakes Conference football title race.

A year ago, Walled Lake Western not only dominated the conference, but the Warriors went 14-0 and knocked off Utica Eisenhower, 19-7, to capture the Division I state championship.

The Warriors are again the team to beat in the Western Lakes, with always explosive Farmington Hills Harrison right up with the leader. One of the two teams will surface as the Western Division champ, but it's anyone's guess who will finish atop of the Lakes Division.

"That (Lakes) race is wide open," says Chuck Gordon, who is beginning his 24th year as the Rockets' head coach. "Western, and Harrison, definitely have talent again this season."

"But, in our division, it's wide open. Our kids will have to step up their play a notch or

Chuck Gordon

two to be contenders. We have only four returning starters off of last year's squad, so we lack experience."

Gordon has a pair of blue chip players in seniors Nick Samples, a 6-6, 275-pound senior tackle, and Dan Smitherman, who was a wide receiver a year ago that Gordon is grooming as tailback. The 5-10, 175 Smitherman is a senior.

Smitherman also will nail down one of the defensive halfback slots while Mike Johnson, the fourth returnee,

is a 6-2, 250-pound defensive tackle.

Glenn will open its first football season of the 21st century Friday at Detroit Kettering.

The Rockets also will have the services of sophomore quarterback Brian Czekiewicz, who took over the throttle of the Rockets' engine on offense three games into the 1999 season.

Czekiewicz has looked good in the pre-season scrimmages. He'll have fullback Craig Lewis, a 5-10, 215-pound junior, Mark Wacker, a 6-1, 180-pound senior and Smitherman in the backfield with him.

Other Glenn notables, who Gordon and the Rockets' coaching staff are counting upon are Matt Berent, a center on offense who will use his 5-11, 220-pounds to fill one of the linebacking spots. Andrew Peiffer will see double duty - on offense, the 6-0, 180-pound athlete will be a wide receiver and, on defense, he'll become a defensive end.

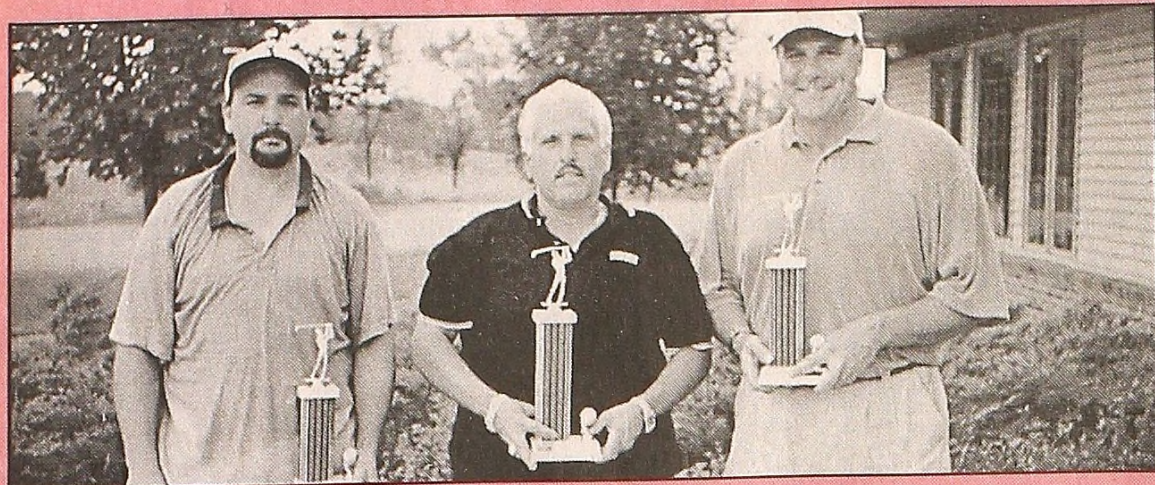

Glenn's Dave Mijal is also an asset. The senior is scheduled to play in the season opener.

See **ROCKETS**, page B-3

'Go Blue'

University of Michigan head football coach Lloyd Carr (center) was on hand recently to discuss the upcoming Wolverine season with a bunch of fans, and may have also had a few pointers for recently appointed Romulus coach Wade Cook (above, at left) who has inherited Mark Woodson's job as head coach at Romulus High School. Also pictured is assistant Romulus coach Avery Taylor. Cook and the Eagles are favored to repeat as the Blue Division, Mega Conference champ, while Carr and the Wolverines, ranked No. 4 nationally this year, has the dubious honor of being selected as the pre-season Big 10 Conference title favorite.

City golf champs

At the recent City Golf Championships, Kevin Pollack (far right, photo at right) won the Open Flight Division by scoring a one-stroke, 162-163 victory over runner-up Bruce Abe. Missing from the photo is third place trophy winner Greg Gliba. In photo above, Doug Tompkins (center) surfaced with the winning trophy in the Wayne First Flight thanks to a 36-hole total of 175 (89-86) to beat out second-place finisher Charles Kline (at right) by four strokes. Ken Lamb's 181 earned him the third place trophy.

Carter

Continued from page B-1

returning at tackle.

Also returning to Carter's lineup is Josh Sequin, a senior. Sequin will use his speed in the secondary. Michael Rashad, whose brother was an All-Area receiver, is working out as a wide receiver. But there is a lot of competition for the job.

Senior Rick Travis, a 5-11, 160-pound athlete, with good hands is vying for the starting receiver's job as are a couple of noted basketball players - Shannon Jeffries (6-4, 180) and Jeff Logwood (6-4, 190) are trying their hands at football. Jeffries, a senior, will see action as a split end, while Logwood is also in the pool for the wide receiver's job.

Add Nelson Goins' name to the list of candidates for wide receiver. At 5-7, 150-pounds, Goins is quick and catches the

ball well, Carter pointed out.

Michael Jackson, a 6-2, 240-pound athlete who hasn't play varsity ball, is working out at tight end as is 6-3, 180-pound all-around athlete Lance Bes-sent.

Carter will have experience at quarterback in senior Matt Patterson, who played the entire season a year ago and appeared immune to injury. An excellent passer who can run the option well, Patterson is a true hard-nosed player who could surprise many. He'll also be responsible for the punting chores.

Also looking good are running backs Jake Lappan, 6-0, 170-pound sophomore, and Clifford Edwards, who has speed (4.5) and possesses an excellent knowledge of the game.

Fullback James McLeod, a 5-11, 195-pound junior, who made the grade on varsity as a sophomore, and Darian Mitchell, a 5-10, 170-pound junior,

are the leading candidates for fullback.

The Zebras also are looking at sophomore Robin Ham-mock, a 5-8, 218-pound talent as one of the defensive backs.

Add to the list of hopefuls the names of Damian McMillan, a 6-1, 225 junior, who is seeking to start as an outside linebacker; and juniors Bernard Evans, 5-11, 190-pounds, and David Cicotte, a 5-9, 175, along with Kevin Lindsey (5-10, 230, junior tackle), Brent Col-aienne (5-9, 205, senior center); noseguard Jimmy Drucker (5-9, 170-pound junior); safety Steve Wallace (5-11, 175 sophomore); and Darren Massey (5-8, 175, junior) and, if the adage in *numbers there is strength* is true, Wayne has the numbers to be competitive.

Now, if Carter can only figure out which numbers will make a winning combination.

Canton golfer cards his first hole-in-one

A Canton golfer broke an eight-year golfing hiatus and returned to the links on Sunday.

And to Kevin Berch's amazement, he walked off the Pine Creek course later that afternoon boasting his first ace ever.

Berch accomplished the in-

credible feat at the 135-yard, No. 2 hole using a 7 Iron.

"Kevin has not been golfing for nearly eight years now, and he decided to go out to Pine Creek with me on Sunday," said the golfer's mother. "He just couldn't believe it when he ached the hole. It was really incredible."

Unstoppable

Stretching for another inch into Lima territory, Twisters' running back Pat Bowie picks up a first down for the undefeated Lake Shore Conference leader. in the state of Michigan to hand over the reins of operation to a for-profit corporation.

Back on the gridiron, the Vikings' three-year starter Michael Hunter returns at quarterback. The 5-11, 210-pound senior is described by his coach as a "take-charge" athlete who is a role model on and off the field.

"Hunter has the ability to lead this team to an unprecedented season," Townsend stressed.

Also returning to Townsend's backfield are running backs Michael Gray, a 5-11, 165 senior who was awarded a berth on the All-Metro Team as a junior and fullback Antonio Wimberly, a 240-pounds, 5-11, who definitely will make his presence felt.

A sophomore, Ronald Perry, has the speed and the talent to help the Vikings this season.

Inkster will be tough on both sides of the line. Tackles Robert (Big Bob) Jackson, who

checks in at 6-3, 320-pounds, and Kewn Dew, a 6-6, 255-pound senior, will spearhead the Vikings' attack. Jackson and Dew have the credentials to play "Big 10" football.

Townsend also has two solid veterans returning at the guard slots. They are Eric Casey (6-4, 260), and Adrian Matthews (6-1, 270). The Vikings will not lack experience at the ends. Tight end Raymond Jenkins, at 6-2, 265, has three years of varsity experience, and Mark Ward, at 5-9, 175, is the "little guy on the line."

Rouge surprised Inkster in their duel for the '99 Mega Conference, Gold Division title and managed to steal the title from the Vikings on the last day of the regular conference season. The Vikings are looking to repay the Panthers for that crucial loss.

"But Rouge, and Willow Run, which has a new coach this season, are going to be tough," Townsend admitted. "In fact, the Mega Gold is very competitive this year. Everyone is looking for a wide-open race for the title."

also be used as an end on defense.

Lineman Raymond Gray, who is 6-0, 200 pounds, is the only other notable returnee.

In the opener a year ago, Robichaud managed to surprise the Islanders, then Medlock's team was decimated by injuries and the Bulldogs wound up with a dismal 2-7 overall record.

"We'll be challenged each game," said Medlock. "With Inkster and Rouge laden with talent, we won't have any time to rest. But, I believe, if we can keep away from injuries, we're going to be all-right."

armed Moomaw to spread the Wayne defenses.

The Romulus-Wayne match-up is one of the more interesting ones locally.

In other openers on Friday: Westland John Glenn visits Detroit Kettering at 3:30 p.m.; Plymouth-Salem travels to Ann Arbor Pioneer for a 7:30 p.m. game; Plymouth-Canton will host Ypsilanti at 7:30 p.m.; Robichaud takes on Grosse Ile at 3:30 p.m., while Belleville drew a "first-round" bye and won't see action until a week from Friday, on Aug. 31 when coach Bob LaPointe and the Tigers clash with Fraser.

and scored 21 touchdowns, and such defensive standouts as Jake Tharp, and Dave Lewandowski, along with kicker Jeremy Catarino, Glenn will enter the uncharted waters of the Lakes with an untested crew.

Despite the fact there is no talk about conference championships, Glenn always is a lot of fun to watch on the gridiron. That fact won't change.

Twisters

Continued from page B-1

Reggie Brandon, of Canton, set up the Twisters' first touchdown when he took a short pass from quarterback Rob Elswick, then raced 54-yards to the Lorain two before he was brought down.

With time running out in the first half, on the Twisters' next play from scrimmage, Westland's Pat Bowie plowed through the Steelmen's defense to break the scoreless tie.

The half ended with the Twisters entering the locker room with a 6-0 lead.

The Twisters added an insurance TD midway in the third quarter as Brandon struck again. This time he grabbed a Steelmen punt on the Twisters' 35-yard and, after momentarily losing control of the ball, scooped it up from the

turf and meandered between two defenders as his teammates formed a wall of protection.

The "Little Twister" broke through the wall and refused to stop until he completed the 65-yard touchdown run.

But for the second time in the game, the Twisters again failed to capitalize on the point-after.

"That (PAT) could come back and haunt us in the stretch," warned Brothers. "We must make those point-after. They are very important."

The Twisters' offense delivered a grand total of 320 yards with Elswick connecting on seven of 19 passes for 137 of those yards.

On defense, Bob Hagelthorn had a sterling day as he chalked up five solo tackles and four assists. Teammate Chuck Lauber, also of Westland, carded four solos and had an equal number of assists while Canton's James Chap-

man walked off the gridiron with eight tackles, which included two sacks for a total of 29 yards.

Twisters' Bob Pensari and Aaron Brothers - out of Canton - also stood out. Each accounted for five tackles and Eric Thompson recorded two pass deflections and came up with two open field stops.

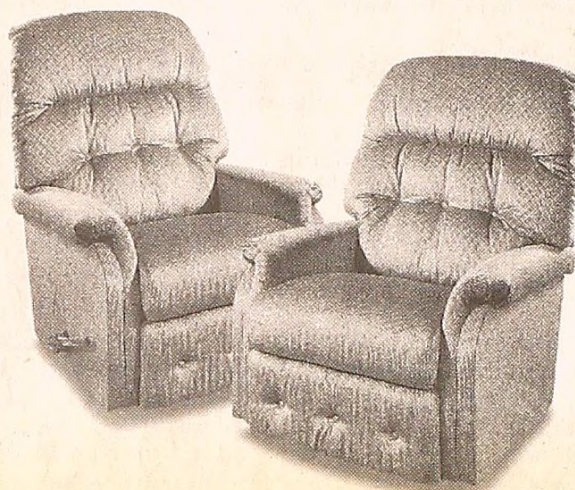

On Saturday, the Twisters will place their five-game winning streak on the line when they visit Lima, Ohio. Lima's Thunder is a strong contender to win the Southern Division title.

The Thunder is currently tied with the LSFL defending champions, Central Ohio Lions, for their divisional lead.

Incidentally, there are no Lake Shore Conference games scheduled for the Labor Day weekend. The Twisters will return to action at home on Sept. 9 to face the Motor City Cougars at Willow Run's Devlin Field. The kickoff for that one is 7 p.m.

Cable director retiring

By AL POST
MCN Staff Writer

Oliver Warren, who has served as the first and only director of the Romulus Cable Department, announced last week that he will retire from that position on Dec. 31, 2000.

Warren said he began with the cable unit in 1988 and went on a pay basis with the city the following year.

Warren told the City Cable Commission members and Debbie Dick, liaison to the commission, that he was planning on retiring before the end of the year.

The army veteran turned cable-specialist admits that he had no training initially when he assumed the job 12 years ago and learned most of his expertise via books.

"It was a great challenge and I enjoyed it. Now I have decided to begin a new venture following my retirement here," Warren said.

It is not known yet who will succeed Warren - since Mayor William Oakley had not been officially told of Warren's plans until after the commission meeting last week.

A pre-hearing conference concerning a request filed by the cities of Romulus and Taylor and Wayne County has been announced for Sept. 19 by the Michigan Department of Environmental Quality concerning the wetlands issue involving the Citrin Drive site for a possible environmental deepwell.

Attorney David J. Haywood

of Lansing filed the petition on behalf of the local governments in effect to overturn the June 9 DEQ issuance of a wetlands permit for Environmental Disposal Systems.

The petitioners request a formal contested case hearing with respect to the permit.

Richard G. Lacasse, chief administrative law judge, wrote "I am directing Haywood on behalf of the moving party, to file with this office a written status report on or be-

fore Aug. 31.

Lacasse added "that filing shall address the current posture of this case and provide a time frame for the completion of the settlement negotiations.

"This office is prepared to hold this file in abeyance, within reason, while good faith settlement negotiations or mediation is conducted or immediately schedule a hearing upon the written request of either party."

Labor Day traffic to break record

By AL POST
MCN Staff Writer

More than 2.1 million Michigan residents are expected to travel this Labor Day weekend, a recent survey by AAA Michigan revealed.

The estimate shows that an expected 46 percent increase is expected this year over last year's 1.5 million residents with travel plans.

The other positive notes are that 70 percent plan to remain in Michigan (compared with 57 percent last year) and the aver-

age trip length will last five days...one day longer than in 1999.

Linda Woolwine of AAA Michigan said falling gas prices (as of last week) and a statewide public school holiday is contributing to the end-of-the-summer surge in tourism.

Three out of five travelers said higher gas prices would not impact their Labor Day weekend plans.

Others said that bad weather would not even cut into their travel plans.

Bone marrow search begins for area leukemia victim...

By AL POST
MCN Staff Writer

Mayor William Oakley and State Rep. Raymond Basham (D-Taylor) are working now to raise the awareness of area residents of the need for bone marrow matches - particularly for African Americans.

The two public officials are responding to a request from Amy Earby of Taylor - whose husband, Oscar, recently was diagnosed with chronic myelogenous leukemia.

Earby said area cancer specialists reveal that the only cure for her husband is an unrelated bone marrow transplant.

A simple blood test is all that is needed to join the bone marrow registry.

Earby's family members were tested for a possible bone marrow match, but the results came back negative, Earby said.

Thus her husband was placed on a National Bone Marrow Registry.

Oakley and Basham are supporting bone marrow drives

exclusively for African Americans that are being coordinated by the Earby family and the American Red Cross.

The first such drive is slated for this Saturday from noon to 4 p.m. at the Womack Temple C.M.E. Church, 28445 Cherry in Inkster.

A second African American Bone Marrow Drive is slated from 11 a.m. to 4 p.m. Sept. 14 at the Service Employees International Union Hall Local 26M, 12305 Beech Road in Taylor.

A simple blood test is all that is needed to join the bone marrow registry.

For more information call Amy Earby at 734-946-1134.

Gateway Golf Club "Your Place to Play"

18 holes, practice facility and Pro Shop are now open. Gateway, the first premier residential golf community developed near the Metro Airport, will feature

650 single family homes and condominiums. Jerry Mathews and his associate, Denny Spencer designed an 18

hole 6822 yard championship layout that provides target definition both off the tees and into the greens. One of our

goals Spencer said, "was to try and create golf holes that look much more difficult than it actually plays." This

allows golfers to be challenged yet gives them far greater chances for success than it may first appear. Forgiving bentgrass fairways, large greens and four sets of tees on

each hole also provide a true test for all levels of play. Complete practice facilities for learning and improving will complement the teaching programs available through the

Gateway Golf Academy.

Woods vows character training at Romulus Schools

By AL POST
MCN Staff Writer

Openly welcoming the competition from other educational styles, Romulus School Board President Michael Woods revealed this month that the local district is now discussing concepts on how to stress character training for students.

The action comes with the growing home schooling efforts here and new charter school - Metro Charter Academy - opening its doors this season.

Woods, who assumed the board presidency in July, promises to press an aggressive agenda this year. He said the board already has begun discussions on how the "character issue" can best be addressed with local students. Woods said whatever action

is taken will begin in the second semester this year.

"We do not fear competition," Woods said, "we prefer to use it as a challenge - and pass that challenge on to our parents, students and teachers."

Woods, who has stressed in the past wider and more intense counseling efforts at all levels of the school district, is proud the schools offer all day kindergarten options.

He also said math and science classes will be enhanced so that district students can meet today's levels for advanced schooling whether Romulus graduates select community college or university life for their future.

As to questions raised that there might be a shortage of school books in the district, Woods said, that matter will be checked out and solved

Michael Woods

quickly.

Woods said he will press that Romulus students must

We do not fear competition.

- Michael Woods

keep a 2.5 grade point average to be involved in extra-curriculum choices - whether they be athletic teams or non-sports activities such as band, choirs, etc.

Those actions should be earned, Wood vowed, and that is just part of the demands I think we need to stress. There will be no more social promotions - that is advancing students to the next grade whether they earn it in educational tests or not.

He feels that the school district is going in the right direction on many levels.

But he said the issue of televising district board meetings remains in limbo. "The issue is still only in the discussion stage," Woods vowed.

A committee headed by

Billy McCraight has been assigned the role of coming up with the proper procedure and timing for such cable TV coverage.

Barring demands from the public, such board meetings do not appear to be on this year's agenda.

WCCC gets top accreditation

After years of having doubts cast its way, Wayne County Community College District can finally lay all doubts to rest now that the college has been awarded the highest level of accreditation given to colleges by the North Central Association of Colleges and Higher Education.

It took the visionary leadership of Chancellor Dr. Curtis Ivery five years to revamp the institution that had been plagued with bad press and financial woes. "We attribute this success to hard work by our employees and the dedication and vision of the members of our board of trustees," said Ivery. "We have also attacked and overcome those historical problems."

The 10-year stamp of approval is the longest the association gives. The college has maintained a lower standard of accreditation prior to now. In the mid 1980s, the college was even put on probation.

Some of the sweeping reform that Ivery brought about included returning enrollment from 10,000 students to 20,000, balancing the budget and implementing site-based management at each of the college's five campuses.

With the past behind it and a prosperous future ahead, Ivery and staff promise to continue their efforts in "never letting the debate move away from teaching and learning," Ivery stated.

The college has five campuses with the closest in Western Wayne County located in Belleville. Other campuses are in Detroit and Taylor.

"Everyone at the college and in the community can take pride in this effort," Ivery stated. "The college has turned the corner on a path to continued success."

The members of NCA cited the college's efforts for making sure that staff are fully trained to offer the best services to the students. They also noted strong community support for the college as another positive factor in the accreditation.

Friendship Center Choir to begin third season

By AL POST
MCN Staff Writer

The Westland Friendship Center's Senior Citizen Choir will kick off its third season at 9:30 a.m. Sept. 7.

The choir is under the direction of Robert Cassidy, who invites all area residents who love to sing to turn out. There will be no auditions, he said.

A native of Scotland, Cassidy received his vocal training at the Royal Conservatory in Toronto.

Cassidy has experience in various areas of music, including instrumental training. He believes that anyone can learn to sing within their own natural range.

For more information call 734-722-7632.

A new book club also is being started at the Friendship Center in Westland under the direction of retired teacher Barbara Mecklenburg.

The first meeting is slated for 2 p.m. Sept. 22 in the conference room at the center.

Mecklenburg said the advantages of the club include: a chance to share your ideas and opinions, to discover the im-

part of the book on readers and to make in-depth examinations of the author's intent.

To register or get more information call 722-7632.

An orientation meeting for the planned Westland Senior Friendship Center Bowling League will be held at 10:30 a.m. Sept. 13 at the center, located at 1119 N. Newburgh Road in Westland.

The league will begin at 10:30 a.m. on Sept. 27 and continue for 28 weeks at the Westland Bowl.

Anyone can join and beginners are welcomed, Deputy Center Director Barbara S. Marcum announced today.

Both full time bowlers and substitutes are needed for the year.

Bowling has many incentives such as 50-50 drawings, mystery game money, prize money and special giveaways, she said.

For more information call the Friendship Center at 734-722-7632.

The Westland Friendship Center also is sponsoring a Home Interiors party from 9 a.m. to 5 p.m. Sept. 12 and 13 as

a fundraiser for the purchase of two new information tables for center flyers.

Deputy Center Director Barbara Marcum said "with Christmas coming, pictures and home accessories make wonderful gifts. All items are cash and carry, she said, and the Friendship Center receives 20 percent of the proceeds."

Podiatric care will soon become an every other month activity at the Westland Friendship Center under the direction of local Podiatrist Dr. Lubin.

The first in the series of foot care sessions is slated for 9 a.m. Sept. 18 at the center. Future sessions will be held the third Monday at 9 a.m. every other month.

Diet, lifestyle key to cancer defense

By AL POST
MCN Staff Writer

While breast cancer cannot be totally prevented, senior citizens are being advised that a proper diet and lifestyle provides the best defense.

Doctors are stating that keeping a healthy weight level is an important key...so they say weigh yourself often.

While dining in restaurants, it is advised to order

steamed dishes instead of sautéed or pan fried.

Use flavored vinegars and spices to enhance food without adding fat or calories.

Eat more fruits and vegetables and head off snack attacks.

Drink alcohol in moderation and plenty of water.

Avoid any forms of tobacco and most importantly get lots of exercise.

Limited time offer! Free*

Thousands of people are learning the skill of income tax preparation from H & R Block and are training for careers as income tax preparers.

H & R Block, the world's largest tax preparation service, is offering an income tax course starting soon, with morning, afternoon and evening classes available. Classes will be offered at area locations.

During the 11-week course, in addition to learning the nuts and bolts of tax preparation, you will receive clear explanations of the ever-changing tax laws and how to use them to your advantage. You'll receive this information from some of the finest, most experienced tax preparation instructors in the country. And you'll have the opportunity to expand or enhance your job-related skills.

H & R Block designed this course to suit people who want to increase their tax knowledge and save money on taxes, or who are looking for a second career or seasonal

employment. A tax-related career is perfect for students or retirees seeking part-time earnings.

Qualified students may be offered job interviews for positions with Block. + Many accept employment with Block because of the flexible hours available. However, Block is under no obligation to offer employment, nor are students under any obligation to accept employment with H & R Block.

One low course fee includes all textbooks, supplies and tax forms necessary for completion of the course. Certificates and 6.6 continuing education units will be awarded upon successful completion of the course.

Registration forms and a brochure for the income tax course may be obtained by contacting H & R Block.

*There is a \$149 fee for books and materials. Enrollment in, or completion of the course is neither an offer nor a guarantee of employment.

CYO holds soccer clinic

The Catholic Youth Organization (CYO) is sponsoring a Soccer Referee Clinic for officials 17 years of age and older.

The clinic will be held from 6 to 11 p.m. on Tuesday, Aug. 29 at the Taylor Catholic Meeting room, formerly St. Alfred, located on Telegraph Road, south of Wick Road in Taylor.

Registration cost is \$25 for 16-17 years of age participants, and \$35 for those 18 and older.

Cost includes a Michigan High School Athletic Association (MHSAA) registration and handouts.

There is an Aug. 28 deadline to register.

If you are interested and would like a registration form please contact the CYO athletic offices at 313-963-7172, extension 3.
